

ANNUAL REPORT

2022

HIGHLIGHTS OF THE YEAR

Climate Impact Funded Bikes

Thank you Climate Impact for funding our bicycle fleet! An additional 14 cruiser style bikes (same as the grey cruisers at HMC) were added to the Davis rental fleet. They come equipped with a rear rack and basket to hold your belongings. The reviews we get from users have been overwhelmingly positive!

Tour de Sheridan

Our Annual Tour de Sheridan was paused over the last two years, but we got together this year to ride to Lake Aquitaine once again. With 38 participants attending from all three campuses, we enjoyed exploring the local trails and each others company.

Canada Healthy Communities Initiative

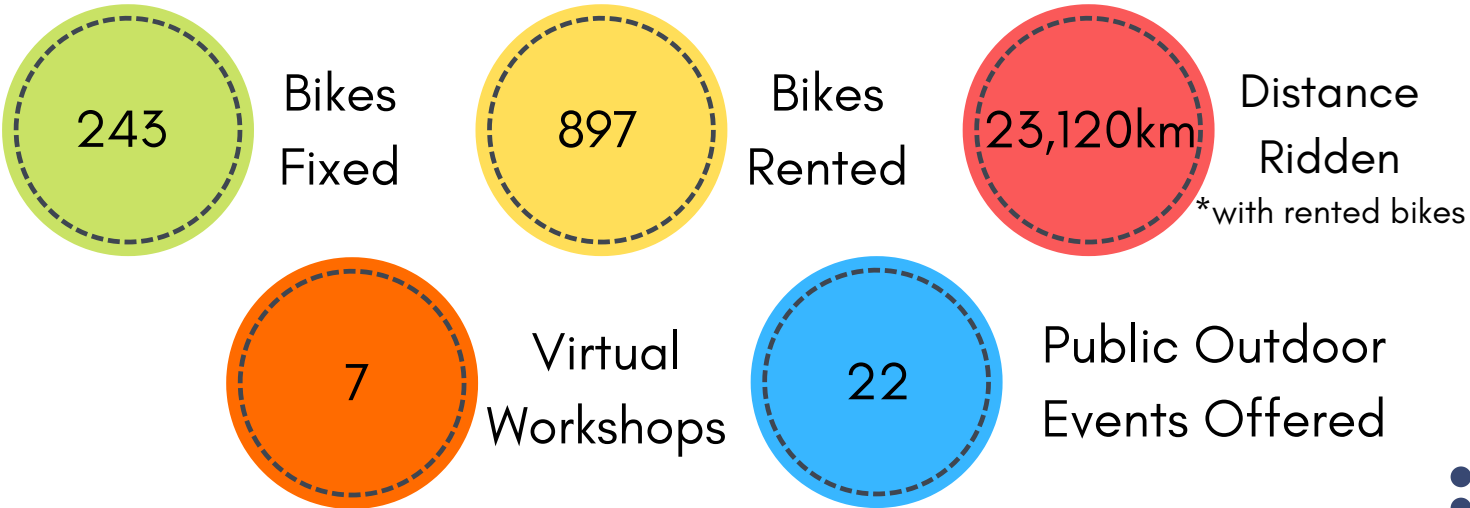

The Canada Healthy Communities Initiative grant continued to support program operations at both the Mississauga and Brampton locations. This included offering 22 Outdoor Public Bike Repair events that were opened to residents within Peel with about 68 bikes repaired.

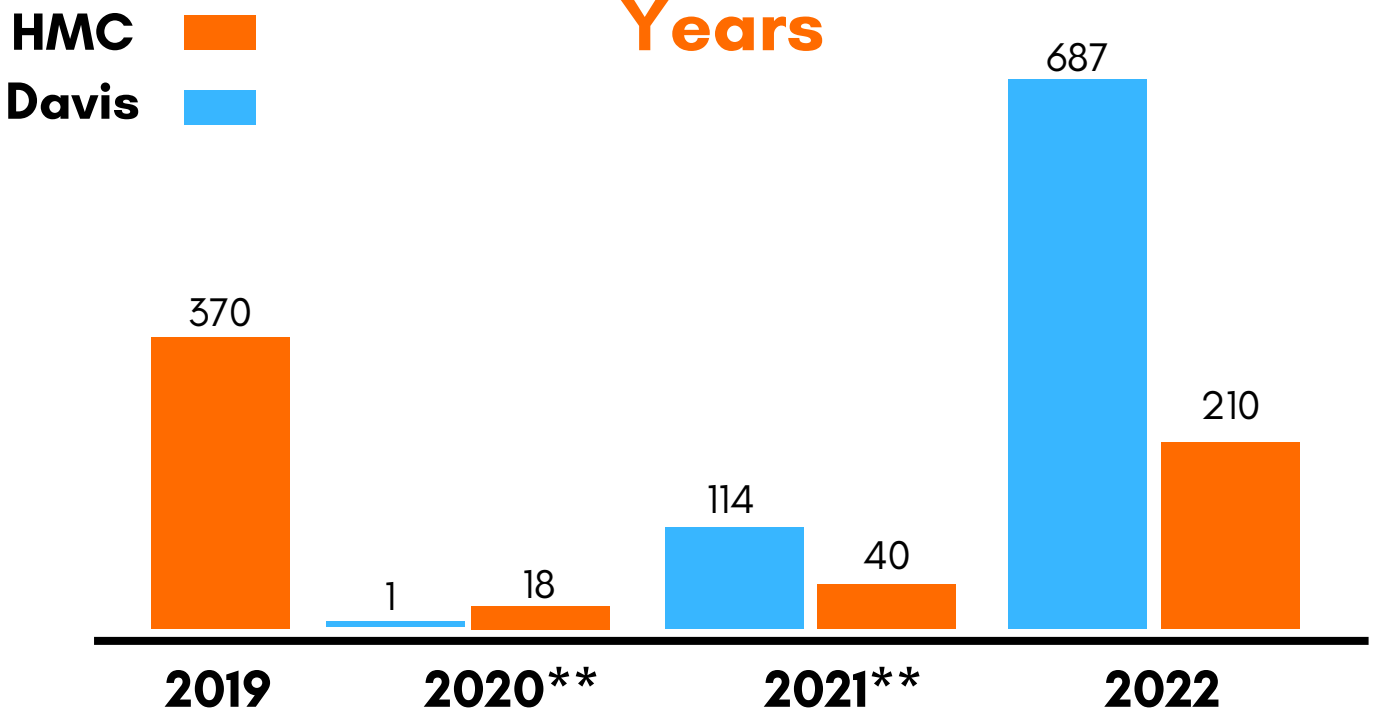

DAVIS & HMC

BY THE NUMBERS

Rentals over the Years

**COVID-19 halted rentals in 2020 and restrictions began to ease in 2021
